MINERS ARE VOTING STRONGLY TO WALK OUT ON APRIL 1ST

UNLESS THE OPERATORS AGREE
TO NEGOTIATE NEW WAGE
SCALE ON APRIL 1

(By United Press.)
Indianapolis, March 10—Coal miners are voting to strike.

Five hundred thousand union miners will walk out April 1 unless the government intervenes in their controversy with employers.

Ballots from the strike voters turned into union headquarters here show the miners overwhelmingly favor suspension of work unless the operators agree to negotiate a new wage scale before April 1.

Twenty-one days remain before the walkout is scheduled to begin. The government is negotiating its final effort to bring about a settlement. President John L. Lewis and other officers of the United Mine Workers have tried to force a wage conference as proved by the existing agreement. Because some operators refused to confer, the miners declined to meet with those who are willing to negotiate. As the show-down nears, the union is divided by political quarrels. The issue is whether the miners shall hang out solidly for interstate agreement or submit to separate state contracts.

Final Efforts to Prevent Strike.

Washington, March 10—A final effort to break the deadlock on the bituminous coal strike situation and draw operators into a national conference was being made by government officials here today.

Word is being transmitted to operators who have failed to answer the suggestion of President Harding to meet in a national session with miners that their refusal to do so will be looked upon as a violation of their agreement and a serious breach of good faith.

Abandoned Russian Woman Threatens To Sue Rich St. Paul Man

(By United Press.)
Chicago, March 10—Legal action will be taken against the St. Paul millionaire advertising novelty manufacturer who was alleged to have induced Madalynne Elizabeth Girenko, widow of a former colonel in the Russian Czar's imperial guard to come to this country and then failed to provide for her.

Announcement to this effect was made today by Attorney Andrew R. Sheriff, representing Mrs. Girenko, who is now employed as a manicurist at a hotel here. The attorney stated that he had had much correspondence with the millionaire's attorneys tending to show that pledges were made toward settlement out of court, but that nothing came of the negotiations. It is said that they met in Berlin and after a whirlwind courtship, he secured a passport for her to come to this country. He met her in Chicago, but his affections had waned, according to reports, and she soon found herself penniless.

Jas. F. Shea Appointed U. S. Marshall of N. D.

Washington, March 9.—James F. Shea today was nominated by President Harding to be United States Marshall of the District of North Dakota. The nomination was sent to the senate.

MANY KILLED BY STORM IN FRANCE

FISHING CRAFT CARRYING 15 RE-
PORTED SUNK—NUMBER DIE
IN NORTHERN AREA

Paris, March 10—Nearly all France has suffered heavily from the unusually violent storm which began three days ago causing heavy damage and considerable loss of life in northern France of numbers of persons killed and injured, say reports.

A number of fishing boats have been wrecked and one of them, the Marie Therese, is reported to have sunk with the loss of 15 lives.

In the neighborhood of Paris many persons were injured by falling chimneys and other parts of buildings.

THREE YOUTHS ROB BANK SAFE OF \$12,000 IN CASH

(By United Press.)
Madison, Wis., March 10—Three youths walked into the Randall State bank in the city residential district here today and held up the president of the bank and a woman clerk. They escaped with \$12,000 in currency. The bandits tried backing the man and woman into the vault and lock them inside, but could not turn the bolt. They ran away on foot. Police not notified until half an hour after the robbery.

STEEL MAGNATE'S SON HAS MARRIED A CHORUS GIRL

(By United Press.)
New York, March 10—Robert Savage, 21, son of the late Duluth steel millionaire, didn't stock around today to hear what his mother had to say about his marriage to Geneva Mitchell, chorus girl.

He pulled out of the hotel and departed with his bride for parts unknown before arrival of a dispatch from San Diego quoting his mother as saying "he would wait a long time before hearing from her."

His four brothers were scheduled to meet here today to talk things over.

LLOYD GEORGE HAS NOT RESIGNED AS BRITISH PREMIER

PUBLISHED REPORT THAT PRE-
MIER HAD ALREADY RE-
SIGNED IS DENIED

(By United Press.)
London, March 10.—A denial that Lloyd George has resigned was announced today from 10 Downing street, the premier's official residence.

On highest authority it was declared that a report in the Saturday Review, an ultra conservative weekly, which supports Sir George Younger, that Lloyd George had already resigned, was "without foundation."

The Saturday Review said: "Lloyd George has resigned. He has not done so in official form for Mr. Chamberlain has the resignation in his pocket. The premier has expressed a desire that the Irish bill should be passed into law before the country is acquainted with his decision."

The paper said Lloyd George will not wait for Genoa "for his expectations have been torpedoed by the joint efforts of France and America."

The premier left London today for a fortnight vacation at Creccleth, Wales. He was accompanied by his wife and daughter, Megan.

THREE MILE BAR SCHEME LAUNCHED

New York, March 10—The beautiful picture drawn with words when the Volstead act was a-borning, of a great floating cabaret just beyond the three mile limit, riding at anchor, while on its decks dry plagued citizens of the United States indulge themselves in the wines of France and Italy, the ales and whiskies of the British Isles and the beers of Germany and Holland to the accompaniment of orchestral music and the whirl of professional dancers, may take form soon.

Captain James V. Martin, claiming to be of the Martin family of aeronautical fame and a former professor of astronomy at Harvard university and pilot of the Harvard groundhog, the biplane that wouldn't fly, is planning the establishment of not only a "floating palace of delight," but a rapid ferry service between New York and the marine resort.

For the furtherance of his scheme, which necessitates the floating of stock to make possible the floating of a wet palace beyond the territorial waters of Volsteadia, Captain Martin has taken two offices in New York, intends taking more, has distributed something like a ton of literature and has started flashing an electric light from the portal of the old Herald building, overlooking Broadway, the advertisement, "Recreation Beyond the Three Mile Limit."

FOUR MASKED BANDITS KILL ST. PAUL HOTEL MAN

HOLD UP BURLINGTON HOTEL AT
2 A. M., SHOOT COTTER—ES-
CAPE ON TRAIN

(By United Press.)
St. Paul, March 10.—Four masked bandits shot and killed Charles Cotter, 49, proprietor of the Burlington hotel in a hold up early today.

The four men were all carrying revolvers, and entered the lunch room at 2 a. m. Cotter was behind the counter. Jorgan Torland and Ben Scott were eating.

The bandits commanded the trio to march to Cotter's room where they believed a large sum of money was hidden. In the hall they stopped and searched the room of Thomas Ryan, whom they aroused and searched.

The bandits threatened Cotter when he refused to tell the hiding place of his money. They asked him where his wife was, and Cotter said she was not in the hotel. They had been married just four months.

Just at that moment Mrs. Cotter ran into the hall screaming. Cotter struggled with one of the bandits and one of the others shot him four times.

The bandits fled and escaped on a freight train, it is believed. The hotel is located in the railroad yards below Indian Mound park.

PROHIB OFFICIALS FOUND GUILTY OF LAW VIOLATION

(By United Press.)
Milwaukee, March 10—Thomas A. Delaney, former federal prohibition director, of Wisconsin, and Joseph Ray, former prohibition inspector, were found guilty of conspiring to violate the Volstead act by a jury in federal court here today.

The verdict came as a surprise as it had been rumored the jury was deadlocked and that as a result they might not agree on the verdict.

The attorneys for the defense immediately moved for a suspension of the sentence to allow them to prepare motions for a new trial. The suspension was granted and the bonds of the two defendants were increased on motion of United States District Attorney H. A. Sawyer.

Southwest Covered by Heavy Snow Fall

(By United Press.)
Kansas City, March 10.—Another heavy snow, ranging from six inches to one foot in depth, lay over the southwestern wheat belt today.

Sleet and ice with a high wind accompanied the storm in central and western Kansas, cutting Salina and other towns off from wire communication with the outside world.

Train schedules were demoralized from the west and highways were blocked temporarily closing rural schools.

EX-ROYAL PRINCESS IN DIVORCE SCANDAL

LAUGHINGLY ADMITS HER COM-
PLICITY IN AFFAIR WHEN
NAMED AS CO-RESPONDENT

(By United Press.)
London, March 10.—Princess Eitel Friederich, wife of the former kaiser's second son, has created a sensation throughout Germany by laughingly admitting her complicity, when named as co-respondent in the divorce suit brought by Baroness Tietzenberg against her husband, an ex-officer, a Berlin correspondent telegraphed today.

German papers have suppressed reports of the divorce. The princess admitted intimate relations existed between herself and the baron before her marriage to the kaiser's son, and that they continued after they were married.

Princess Eitel knew of her affairs with the baron, the princess declared in court. Passionate letters from the princess to the baron were read:

"You know," she wrote her soldier lover, "that I have nothing in common with the man to whom I am married, but you and I—we have so much to give each other."

GOVERNOR PREUS REPORTED IN THE SENATORIAL RACE

(By United Press.)
St. Paul, March 10.—Governor J. A. O. Preus was reported today to have made up his mind to enter the race for United States senator.

The report was current at the capitol following a meeting of sixteen men at the Minnesota Club last night.

At the governor's office it was said "there is nothing to it."

The governor was speaking at the Odin club in Minneapolis and could not be reached. At the meeting last night it was reported prominent men released the governor from pledges that he would not enter the race against Senator Kellogg.

The governor was said to have remarked, "Inasmuch as Mayor Leach, of Minneapolis, has seen fit to run for governor, there is no reason why I should remain out of the race."

Preus was said to have urged the candidacy of Louis Collins, now lieutenant governor, for governor.

CONTROLLER VEToes BONUS CERTIFICATES

CRISSINGER TO ADVISE NATIONAL
BANKS AGAINST TAKING PA-
PER IF BILL PASSES

Washington, March 10.—Controller of the Currency D. F. Crissinger announced yesterday that in the event of the enactment of soldiers' bonus legislation providing for payment by adjusted service certificates, he would advise national banks to decline to accept the certificates as security for loans.

Mr. Crissinger described the proposed plan of issuing adjusted service certificates for use by the soldiers if desired as collateral for loans to 80 per cent of their face value as "the worst kind of frozen credit," and declared while he would be without authority to order national banks to refuse to accept them as security, he would strongly advise against their acceptance.

The certificates would be non-negotiable paper," Mr. Crissinger explained, and loans upon them would load the banks up for the three year term which they cover with an unmovable mass of security.

The certificates would be similar to real estate loans which are not rediscountable at federal reserve banks, he said, and "far from the liquid security best for the banks."

Harding Veto Doubted.

Confidence President Harding will not veto the soldiers' bonus bill, if passed in its present form, was expressed by republican house leaders. While it is not claimed that the president approves the bill as introduced by Representative J. W. Fordney, chairman of the ways and means committee, house leaders who have talked with him insist that he will not go so far as to veto it.

The position of the members of congress who support the bill is that congress will refuse either to provide for a sales tax to finance the bonus or to postpone all bonus legislation. The president has urged that one of these two courses be followed.

Mondell Predicts Signing.

The bill does conform to the president's wishes, it is maintained, to the extent that it does not provide for any large expenditure of money during the next two or three years.

Representative F. W. Mondell of Wyoming, republican leader of the house, is one of those who believe the president will sign the bill. Mr. Mondell has conferred with him on the subject on several occasions. Representative Nicholas Longworth of Ohio, a leading member of the ways and means committee, also is convinced that the president will allow it to become law.

House Passes Bill For Crop Seed Loan of a Million Dollars

(By United Press.)
Washington, March 10.—The house today passed 99 to 82 a bill authorizing the purchase of \$1,000,000 worth of crop seed to be loaned by the government to farmers who are in distress in the northwest grain region.

The senate recently passed the measure carrying \$5,000,000, and the bill now goes to the conference between the two houses for a compromise.

THE LAW SAYS JURORS MUST BE KEPT TOGETHER

NO CHANGE CAN BE MADE IN THE
PRACTICE UNTIL LEGISLATURE
AMENDS THE LAW

(By United Press.)
St. Paul, March 10.—Etiquette succumbed to the law today when Sheriff Wagner declared the law required him to keep jurors together—he they men or women or both.

Locking mixed juries up in the same room over night is a controversy which the sheriff ended temporarily today.

"The law says that jurors must be kept together," said Wagner. "If there is to be a change in handling of juries composed partly of men and partly of women, the legislature will have to do it."

The jury have their choice of remaining in the jury room until a verdict is reached, or spending the night in jail quarters.

RAPID RISE FROM WAITER TO BOSS

(By United Press.)
Chicago, March 10.—Feeding 50,000 people daily in Chicago is an every day's job for Charles Weeghman, former president of the "Cubs."

And that's not all he feeds. He also takes care of thousands in New York, Boston, Kansas City, St. Louis, Cleveland and Detroit, where the ten million dollar corporation of which he is president has restaurants.

Not so very long ago Weeghman was working at a salary of \$1.50 per day, but last year his company did a gross business of \$2,000,000. This year he expects to open 100 new cafes and restaurants.

Weeghman was born in Richmond, Ind., March 8, 1878, the son of a blacksmith. He came to Chicago and got a job waiting table. In 1901 he opened a lunchroom here and since that time he has built up a chain of sixteen cafeterias here and is now working on a coast-to-coast system.

Madalynne Obenchain Continues Testimony

(By United Press.)
Los Angeles, Cal., March 10.—Madalynne Obenchain looked directly and smilingly into the eyes of A. B. Keyes, deputy district attorney as she resumed the witness stand today for the biggest battle in her trial for the murder of John Belton Kennedy.

Keyes was vitriolic in his first question:

"Did you not telephone John Belton Kennedy after you met him through Mrs. Parsons? Mrs. Parsons was a relative of yours, was she not?"

Mrs. Obenchain replied she "couldn't say."

"How soon did you see them again after you met him?" asked Keyes.

Madalynne said it was within a few days.

Keyes failed in an attempt to get her to admit that her mother, Mrs. Emma Smart, invited Kennedy to take her riding.

"While you were going with John Belton Kennedy were you also corresponding with Ralph Obenchain?" Keyes snapped.

The defense immediately objected to the question. Judge Reeve sustained the objection.

TWO POUCHES OF FIRST CLASS MAIL STOLEN

(By United Press.)
Springfield, Ill., March 9.—Two pouches of first class mail, one made up locally, and the other coming from Chicago, were stolen from the baggage room at the Wabash depot early today.

Local postal officials were unable to say what the loss would be.

Plans For Gov't. Supervising of Wireless Phone is Recommended

(By United Press.)
Washington, March 10.—Tentative recommendations of the government radio telephone conference embodying complete new plans for government supervision of wireless phone traffic were submitted to Secretary of Commerce Hoover, today.

U. P. TREASURER'S SAFE IS ROBBED OF \$25,000 IN CASH

(By United Press.)
Omaha, March 10.—The safe in the office of W. H. Sanford, treasurer of the Union Pacific railroad, was robbed of between \$15,000 and \$25,000 in cash today.

The robbers evidently worked the combination in opening the safe. The robbery was discovered when an office boy found a bunch of cancelled checks on the floor of a lavatory.

FOUR-POWER PACT CONSIDERED BEFORE ARMS CONFERENCE

(By United Press.)
Washington, March 10.—The four-power Pacific treaty was "very much in mind" of the American delegation to the arms conference and of senators not delegates not long before it was negotiated or presented to the conference, Senator Lodge of Massachusetts, rebelled to the senate today.

Lodge disclosed that at the very time that it was denied that any such compact was contemplated, it had been under discussion for a considerable period among senators and Secretary Hughes.

FAMOUS INDIAN NATIONAL LEADER ORDERED ARRESTED

GRAVE FEARS OF AN UPRISING IN
INDIA ARE ENTERTAINED
BECAUSE OF ARREST

(By United Press.)
London, March 10.—"Mahatma" Ghandi, leader of the non-co-operative movement in India, will be arrested today a New Agency dispatch from Delhi announced.

The Indian government, following the serious situation created by its demands regarding Turkey, and the enforced resignation of Edwin S. Montagu, secretary of state for India, has definitely decided to arrest the famous leader, it was stated.

Grave fears of an uprising in India were felt here following the announcement. It has long been recognized that the arrest of Ghandi, who is regarded as a saint by many Indians, and who has widely preached passive resistance to British rule, would be effected only in a desperate emergency.

SLIGHT EARTHQUAKE SHOCKS ARE FELT IN CALIFORNIA TOWNS

(By United Press.)
Chicago, March 10.—A disturbance indicating an earthquake about 1,200 miles west of Chicago were registered on the seismograph of Chicago university today.

The maximum wave was recorded at 5:37 a. m. It lasted three minutes. Maximum waves were recorded between 5:32 and 6:50 a. m.

Shock Felt at Hanford, Cal.

Hanford, Cal., March 10.—For the first time since 1906, this part of the San Joaquin valley felt a lengthy but not violent earth quake shock at 3:30 this morning.

The motion was slow and undulating. No damage was reported.

Recorded at Washington

Washington, March 10.—A pronounced earth quake disturbance was registered at Georgetown university lasting from 6:40 this morning to 7:25, Father Sandorf in charge of the seismograph announced. He estimated the distance of the quake about 1,800 miles in a southwesterly direction from Washington.

The maximum disturbance was registered between 6:43 and 6:40 o'clock, he said.

Breaks Oil Pipe Line.

San Luis Abisto, Cal., March 10.—The oil pipe line of the Union Oil company of California was broken in four places early today by a heavy earthquake shock. The quake also did heavy damage to the telephone system.

Awakened Sleepers.

Vasalla, Cal., March 10.—Vasalla was shaken by a pronounced earthquake today. Sleepers were awakened and dishes rattled. No damage was reported.

ALFRED JAKUES RESIGNS AS U. S. DIST. ATTORNEY

RESIGNATION IS ACCEPTED—
CHARGES OF NON-FEASANCE
FILE AGAINST HIM

(By United Press.)
St. Paul, March 10.—Alfred Jakues, United States district attorney for eight years, today announced acceptance of his resignation from office. He will re-enter private law practice in Duluth as soon as his successor is appointed.

His resignation was sent to United States Attorney General Daugherty March 1, he said, and acceptance was returned Thursday afternoon.

Mr. Jakues said his resignation was made necessary by the death last month of T. T. Hudson, Duluth attorney, which left Jakues' son the only active member of the law firm of Jakues, Hudson & Jakues.

Today C. B. Tibbitts, of Minneapolis, filed with Judge Wilbur F. Booth an affidavit accusing Jakues of non-feasance in office, and naming two cases which he said Jakues refused to prosecute after being presented with the facts.

Tibbitts charged that Jakues "persistently refused and still does refuse to act in various proper charges for criminal prosecution although no sufficient reason or just cause is shown or has been shown for refusal to act."

Fling at Financiers

(By United Press.)
London, March 10.—Justice Coleridge, at the end of a trial in which most of London's big financiers testified and intimidated witnesses on the other side were liars, confessed he had lost faith in the dignity of finance.

"The giants of finance on closer investigations dwindle to very ordinary proportions," he summed up. "The men transact business in the most unbusinesslike way."

Bonus Legislation Disturbing Factor to President's Vacation

(By United Press.)
St. Augustine, Fla., March 10.—The proposed bonus legislation loomed today as the disturbing element in President Harding's quest for rest and recreation amid the charms of the Florida resorts.

Reports from Washington that the sales tax group wants him to restate his position in favor of that plan for obtaining revenue to pay the bonuses were made by a statement today in official quarters that Harding will stand pat on his letter to Chairman Fordney in which he recommended a sales tax or postponement of the legislation.

Trend Away From Bonus.

Washington, March 10.—What seems to be a decided trend away from the soldier bonus has suddenly appeared in the House.

Many members, both republicans and democrats, hitherto for immediate passage of the bonus, today were reliably reported to have suddenly turned against the measure, or at least to have gone in the "doubtful" class.

PROMINENT MINING ENGINEER DIED

(By United Press.)
Duluth, March 10.—The funeral of E. M. Gow, assistant chief engineer of the Oliver Iron Mining company who died Thursday, will be held at the residence here at 10 a. m. Saturday. The burial will be in Forest Hill cemetery.

BIG BANK ROBBERY REPORTED IN TEXAS

FIVE ROBBERS SECURE \$25,000 IN
CASH AND \$50,000 IN LIBERTY
BONDS

(By United Press.)
San Antonio, Tex., March 10.—The New Braunfels State bank, at New Braunfels, 30 miles north of here, was held up and robbed of \$25,000 in cash and \$50,000 in liberty bonds by five men at noon today.

Poses from military police headquarters and the sheriff's office left here in automobiles as soon as word was received.

THE WEATHER

Forecast for next 24 hours:

Minnesota—Fair tonight and Saturday, except unsettled Saturday in south portion. Not much change in temperature.

Cooperative observers record: March 9—Maximum 36 degrees above, minimum 25 above. Reading in evening 30 above. Southeast wind. Clear.

March 10—Minimum during the night, 15 above.

JOE BUSH SIGNS WITH YANKEES

Col. Jake Ruppert Heaved a Sigh of Relief When Brainerd Pitcher Puts Name on Dotted Line

BOTH APPEARED TO BE HAPPY

Bush Counted on to Bring the American League Pennant to the Yankee Fold This Year

(New York Evening Mail.)

Col. Jake Ruppert yesterday afternoon heaved a sigh of relief, straightened his shoulders (to give the impression of firmness) and announced that Joe Bush, right-handed pitcher obtained from Boston some time ago, had affixed his signature to a 1922 contract. There were, however, no details as to whether the colonel or Bush had remained most firm. Both appeared to be happy, and both had stated with no little seriousness that they intended to remain firm. Bush is certain to be one of those counted

Joe Bush

on most to bring the Yankees a pennant this year. And if you have any doubt as to whether or not the Yankees and Col. Ruppert in particular intend to remain firm in that respect you had better change your mind.

There were other announcements at the offices of the American League baseball team. One was that Alex Ferguson, right-handed pitcher, has been released to Boston for the waiver price. There was some little surprise in this, for Ferguson had shown great prominence, and while he did not get results promised, was looked on as a comer. However, the Yankee pitching staff—if Mays consents to stop holding out, as he undoubtedly will—is a very strong one, and it is certain that some one had to go.

With the signing of Bush it was brought out that Sam Jones, pitcher, is the sole member of the trio who came here from Boston who remains unsigned. Col. Ruppert yesterday expressed the belief that firmness will prevail and that Jones will see the light—or rather New Orleans—soon.

The official roster of the Yankee baseball team was completed and it does not contain the name of Harry Harper. This, however, is what might be expected, for Harper has been given an indefinite leave of absence. It does not mean, however, according to good authority, that Harper is not likely to do any pitching this year. On the other hand it is almost certain that he will join the team just as quickly as possible after finishing his trucking contract.

On the Yankee roster this year are: The list contains the names of seventeen newcomers. They are: Pitchers, O'Doul, Tecarr, Jolley and Wilson, left handers; B. T. Culp from Cedartown, George Quinn from Wilson, N. C., and George Murray from Rochester, right handers; Infelders, Gleen Killinger, Penn State College, and Norman McMillan, Rochester; outfielders, Hinkley Haines, repurchased from Hartford; O. D. Tucker, from Cedartown, Camp Skinner, Lallas; Ed Neusel, Coffeyville, and Denver Grigsby, Sapulpa. In addition there are Jones, Scott and Bush, obtained from Boston.

PEQUOT

Pequot defeated Walker by a score of 22 to 17 in a basketball game played on Friday morning.

F. O. Peterson was appointed president of the village council to succeed A. C. Larson resigned.

Dr. and Mrs. Knights have returned from Brainerd where the doctor has been in a hospital recuperating from a stroke of paralysis.

Mr. and Mrs. Turner Erickson and Miss Lillian Erickson have gone to Little Falls where Miss Lillian will work and Mr. and Mrs. Erickson will visit for a short time.

Assistant Observers Still Needed

The Civil Service Commission invites special attention to the fact that in the examination held recently in Brainerd, Minn., and other cities throughout the United States for assistant observer, Weather Bureau, applicants were not secured in the number desired, and that this examination will again be held on March 22.

Persons interested in this or other examinations should apply to the Secretary of the U. S. Civil Service Board at the local post office for detailed information and application blanks.

BRAINERD MUSICAL PROGRAM SATURDAY

Hostesses are Mesdames Mal Clark, Beise, Armstrong, Casey, Woodhead and Mosier

SOLOIST MRS. GREGORY WEYAND

Saturday Afternoon at Elk's Hall. Program of English Songs for Soprano Voice

At Saturday's meeting of the Brainerd Musical club the hostesses will be Mesdames Mal Clark, R. A. Beise, Ben Armstrong, Jas. Casey, John F. Woodhead and G. W. Mosier. The soloist will be the noted soprano, Mrs. Gregory Weyand, and she has chosen two groups of English songs as material for her recital. The program is:

- (a) "Who Is Sylvia?" Schubert
"Pêche" Paladilhe
(b) "Spring's a Lovable Lady" Eliot
"By the Water of Minnetonka" Liemance
"Hayfields and Butterflies" Del Riego
"Joy Came With the Day" Barbour

INTERMISSION

- (c) "To a Rosebud" Barbour
"Rain" Pearl G. Curran
"Velvet Darkness" Barbour
"Every Wave Caught a Star" Barbour

Birthday Anniversary

Mrs. Gunhild Bye of 723 South Seventh street celebrated her 78th birthday on Monday. She has been a resident of Brainerd forty years and on the occasion of her birthday anniversary a group of her friends was present and showered her with flowers and other gifts.

Mrs. Bye is the mother of John M. Bye, well known merchant of the city.

We Have Met Them.

"Education," said Uncle Eben, "don't do much for some men, 'ceptin' to give 'em mo' vocabulary to talk foolishness."

REPORT MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry; Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well. Adv.

NATIONAL CENSUS OF WORLD WAR VETERANS

Recently Authorized by the American Legion and Which Begin All Over Minnesota March 15

500 LEGION POSTS GET BUSY

House to House and Farm to Farm. Canvass to be Made in the Ten Congressional Districts

The national census of veterans of the world war recently authorized by the American Legion will begin all over Minnesota on March 15th. On Wednesday of next week the five hundred Minnesota Legion posts will go over the top in the state and nationwide campaign which, according to State Adjutant Stafford King, will result in the compilation of a national census of former service men which will afford valuable information for the Legion in its effort to be of service to every sick, injured and unemployed veteran and every veteran who has not received the benefits to which he is entitled from the government.

According to Adjutant King, a house to house and farm to farm canvass of every city block and rural township in the ten congressional districts and 86 counties of Minnesota will be made. Every veteran will be interviewed, asked forty-eight questions and his answers recorded. When the national census is complete national head-

quarters of the Legion expects to have a concise and complete record of every man and woman who served. With these records the Legion will be able to secure the adjustment of thousands of unapproved claims for compensation, vocational training, hospital treatment, etc. In the last two years the national Legion service division has been instrumental in settling claims in favor of veterans totaling more than ten million dollars. In Minnesota alone, more than 21,000 claims of Gopher veterans have been settled through the aid of the Minnesota Legion Service Bureau, Old Capitol. And in addition, each of the 500 Minnesota Legion posts has secured the adjustment of many thousands of additional claims not handled through state and national headquarters.

Perseverance Class

The Perseverance class of the Zion Evangelical church, Northeast, will meet at the home of Mrs. Albert Eschman, 615 Oak St., N. E. at 7:30 this evening. All are urged to be present.

G. Washington's Coffee

The bulky, woody fibre, bean chaff and by-product matter, which makes the messy coffee grounds, as well as the digestion-disturbing acids, have been removed by Mr. Washington's refining process.

A can of G. Washington's Coffee is equivalent to ten times its weight in roasted bean coffee.

There is no waste. Each cup made to order at the table—with strength as desired. No coffee pot or percolator required. Absolutely pure coffee, always delicious, healthful and economical.

Measure the cost by the cup—not by the size of the can. For greatest economy the larger size cans are recommended. Every can guaranteed to give satisfaction.

Booklet free. Send 10c for special trial size.

FRIDAY, MARCH 10, 1922

"WASHINGTON DAY"

Great preparations are in progress by official and unofficial Washington to make "Washington Day" a success for the hundreds of delegates to the convention of the National League of Women Voters and the Pan American Conference of Women on April 28.

The convention and conference are to be held in Baltimore from April 20 to 29, with delegates from all the Americas and several distinguished European visitors who are interested in the League's purposes for holding the conference—"to create better understanding and more friendliness between the peoples of the Americas."

The visitors will be taken from Baltimore to Washington on April 28 on a special train, and will be royally entertained during their stay in the nation's capital. Among the official functions to be given is an afternoon reception at the White House, when delegates of the Pan American Conference of Women are to be received by Mrs. Harding.

Informal morning receptions at which League members attending the National Convention may meet their Senators and Congressmen are to be held in the offices of the senior Senator of each state. "Seeing Washington" will follow the visit to the Senate office building. The delegates will then be entertained at luncheon by Washington hostesses.

THE BUSY CONGRESSMAN

The folks "back home" perhaps do not always fully realize the many demands made upon their congressman. As a general thing, the members of either house of Congress are judged largely by the laws that they enact and the effect of such laws upon the welfare of the nation. But in addition to this, it might also be truthfully said that to a large extent both Senators and Representatives in Congress are as a matter of fact treated as mere errand boys by their constituents.

They are called upon and expected to look after any business the citizen may have with any department of the government, to secure information concerning hundreds of different questions, to help facilitate pensions and loans through the Finance Corporation, investigate revenue taxes levied against individuals, secure places, perquisites and privileges for friends—indeed, there are so many things of a personal character which they are constantly doing for the people they represent that they are often prevented from giving adequate consideration to important legislation. The average Congressman's lot is not always a happy one.

WILSON INFLUENCE PASSING

It is announced from Washington that four Democratic Senators who were ardent supporters of President Wilson in his unsuccessful efforts to force ratification of the Versailles treaty, including the League of Nations covenant, in the last Congress, will soon take the stump in Missouri in the interest of Senator James A. Reed, who was perhaps the bitterest of all the anti-Wilson and anti-League Senators.

This announcement naturally suggests to political leaders that Mr. Wilson's leadership and influence in Democratic politics are passing, as Senator Reed is engaged in a primary campaign for the Democratic Senatorial nomination against Breckenridge Long, who is running on a platform of support for the League of Nations and the Wilson policies. The following are the Senators who will take the stump for Senator Reed: Hitchcock (Neb.), leader of the Wilson forces in the last Congress; Stanley (Ky.), Simmons (N. C.), and Overman (N. C.).

MEAT CONSUMPTION

According to figures on meat production and consumption compiled by the Department of Agriculture, beef consumption per head of population has decreased more than 20 pounds since 1910. Production of beef also shows a startling decrease from the record output of 1918, when growers marketed 15,750,000 animals, which yielded about 7,500,000,000 pounds of dressed beef. In three years cattle slaughtering have fallen to 12,271,280 head with an accompanying decline of more than 1,000,000,000 pounds of dressed beef. Exports of beef fell from 728,000,000 pounds in 1918 to 52,000,300 pounds for 1921. The consumption of lamb and mutton in the United States is increasing slightly. The Britisher consumes about seven times as much lamb and mutton as the average American, and the Frenchman consumes four times as much.

Because of the recent business depression more than one-half of the Minnesota corporations that paid income taxes in 1921 will not be subject to tax this year, according to L. M. Willcuts, collector in charge of the Minnesota division. In 1921 more than 5,000 corporations paid income taxes.

There has been a big increase in the population of the three penal institutions of Minnesota in the last six months. The combined population of the three institutions on March 1 was 1,475, as compared with 1,331 a year ago and 1,359 Sept. 1.

The Detroit Free Press thinks that the Democratic theory that Senator Lodge isn't such a big man, after all, is somewhat weakened by the enthusiasm with which the Democrats hate Senator Lodge.

OTHER PEOPLES IDEAS

LEON LUM, prominent citizen of Duluth, writes the Brainerd Dispatch that while he has no information concerning just what Mr. Sandvig of Stearns county did to be assigned to a 90-day rest cure in the Hennepin county bastille, he has considerable sympathy with him for fighting against the drainage craze. There is plenty of evidence that much of the drainage in Minnesota has been done in a hit nad miss fashion, and without any scientific method. Some pretty good farms in Stearns county have been nearly ruined by ditches, and in several cases the cost of the ditches was a heavy burden to the farmers, which were of no benefit, and have been allowed to fill up. All the cost of the ditches was money wasted. This of course does not give a man the right to libel district and supreme court judges—but some of the victims have an excuse for strenuous objection.—St. Cloud Journal Press.

GEORGE WASHINGTON WAS A BLONDE

Editor, Brainerd Dispatch, City.
Dear Sir:

Thursday you commented editorially on the remarks of Prof. Albert Bushnell Hart, Professor of Government at Harvard University, who has lately stated that the hair of George Washington was red. The following may interest many of your readers.

Washington was the Master of Alexandria Lodge, F. A. M., of Alexandria, Virginia. Many Masonic lodges have in their halls an engraving or a colored print of Washington presiding at a meeting, or a picture of the lodge room in which he presided, and many lodges possess personal trinkets in memory of Washington.

About a year ago I was in the Masonic Temple at Olympia, Washington. This lodge is the oldest Masonic lodge in the Northwest, and its most revered member is a thirty-third degree Mason, a member of the Scottish Rite Supreme Council of the United States. The care-taker, a thirty-second degree Mason, showed me the lodge keep-sakes, among which was a small locket fastened into a small frame-work, like a picture frame. The locket certainly had the appearance of being of ancient origin. Within the locket, under a glass cover, was a small lock of hair which was said to be a lock of Washington's hair.

It was explained to me that the

thirty-third degree Mason, that I have referred to, once, owned this trinket and presented it to the lodge, which has guarded it carefully and keeps it locked up in its safe. While Washington was wintering at Valley Forge during the Revolutionary War, at a social gathering some young maiden clipped a lock of hair from Washington's head, enclosed it in the locket, and by natural descent among relatives came into possession of this particular Mason. It would not require a more distant relationship than a grand-parent to fix the original owner, which is not a long way back in genealogy.

This hair is decidedly blonde. There is not the faintest tint of red about it. I did not see occasion then to doubt the truth of the explanation given me. I can not myself vouch for the head from which the lock was clipped, but I can vouch for the color of the hair I saw.

Yours truly,
CARL ZAPFEE

SOUTH AFRICAN CELLIST

Vera Poppe' Is Soloist Sunday;
March 19, of Brainerd Musical Club

"Vera Poppe' has a personality both forceful and charming. Her tone has character and vitality, as well as sweetness. Melodies sung by her 'Cello have that indefinable impulse that convinces; some trick of rhythm, a quaint accent, and unexpected inflection, hold the attention and quickens the sympathy of the listener." "In short, Vera Poppe' possesses every mechanical requirement plus the divine spark."

The celebrated South African cellist is the soloist Sunday, March 19, at New Park theatre, appearing under Brainerd Musical club auspices.

RESOLUTION

Be It Resolved by the City Council of the City of Brainerd:

That the Water and Light Board of said city be and it is hereby authorized to purchase supplies the purchase price of which exceeds the sum of Five Hundred Dollars (\$500.00), to-wit: One car load of cedar poles.

Passed March 6th, 1922.

J. H. STRICKLER,
President of the Council

Approved March 7th, 1922.

F. E. LITTLE,
Mayor

Attest: GEO. W. GREWCOX,
City Clerk

Published March 9th, 1922.

Ten Ways to Help Mother

1. Keep the caps and hats hung up where they belong—no matter whose cap, or where you find it. Just put it where you know it ought to be.
2. Keep the papers folded right side out and piled nicely together on the library table. It takes mother a good many minutes a day to do just that.
3. Get into the habit of remembering where you see things. This will help not only mother, but everybody in the house. It is such a comfort to the people who lose things or forget where they put them.
4. See how many times a day you can "save steps" for her by running errands. It is what little feet were made for, partly.
5. Laugh twenty times every day. It will help make others laugh.
6. Like things she does for you. Tell her how nice they are.
7. Whisper in her ear sometimes. Whisper this, "I love you!"
8. Watch for chances to do things she has spoken about. Don't wait for her to ask you. It is such fun to surprise people!
9. Notice when she is sick or tired or head-achy, and go around the house on tiptoe.
10. Don't tell her you are going to be this kind of a boy or girl—have the fun of seeing her nod it out.—The Mayflower.

Her First Love Affair.

I experienced my first love affair when I was fifteen. I was going to school at the time, and there was a boy who took quite a liking to me. He called on me one Sunday afternoon. My father was at home at the time, and asked him if he saw the gate. He never came again.—Exchange.

RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the

SCHOOL BOARD HAS SESSION

Travelers Insurance Company Certificates that Externally School Boilers are O. K.

MILL SCHOOL SETTLEMENT
Fuel Committee Reported Buying 165 Cords of Green Wood and Same Is Being Delivered

There was a full attendance at the school board meeting, and it continued in session to 1:15 a. m.

F. M. Hagberg reported as delegate from the board who had attended the state meeting of the Minnesota school board in St. Paul on March 2 and 3. The local board will soon be in receipt of full proceedings of the meeting.

The Brainerd Rotary club, marking the occasion of the 17th anniversary of Rotary, sent a communication pledging cooperation in every way for the betterment of the community.

A report from the Travelers Insurance company covering the external inspection of school boilers was to the effect that all were in proper condition. Supt. W. C. Cobb made his report on the book room and it was placed on file.

The building committee reported on the Gearhart contract matter and submitted correspondence between the secretary and the American Surety company and the committee recommended that \$502.31 be paid to the surety company, they having obtained an assignment from D. C. Gearhart for all moneys due as a balance on his contract and the committee recommended this amount be paid and it would balance the account in full with Brainerd school district.

The building committee submitted further sketches of the two room addition to be added to the Riverside school. The sketches were gone over and referred to L. U. White for slight changes and are then to be submitted to C. A. Chalmers of the state department of education.

The fuel committee reported buying 165 cords of green wood and the same is now being delivered.

The election of a superintendent was deferred to the April meeting of the board.

The building committee was authorized to finish up the Mill school building as to lighting and connect same to the city lines.

Rodenberg will have served as a representative for 20 years from the twenty-second congressional district when he steps out of national politics and will continue as principal.

The president of the board appointed Elmer Dahl as representative of the Brainerd school district at the Chamber of Commerce 50th city anniversary celebration.

N. P. TRAINS ARE RUNNING ON TIME

Ninety-four per cent of Northern Pacific passenger trains made their schedule time in 1921, according to figures made public today by A. B. Smith, Passenger Traffic Manager.

Considering climatic and other conditions affecting the operation of transcontinental trains through the northwest, the Northern Pacific's record is regarded as exceptional by railroad executives throughout the country.

In 1921, the Northern Pacific handled 83,701 passenger trains on its lines.

ST. FRANCIS SCHOOL

Honor Roll for February, Henry Nolan Has Highest Average in the Eighth Grade

For the month of February the honor roll of St. Francis school is as follows:

Eighth grade—Henry Nolan, Raymond Rummels, Leo McGill, Alice O'Brien, Mercedes Johnson, Lucille Cardie, Mildred Marohn, Katherine Nolan. Highest average Henry Nolan.

Thieves Gained Entrance Through Rear Window and Worked Undisturbed After Midnight Hour

OVER \$300.00 IN GOODS STOLEN

Loot Included Spring Oxforas, Spring Suits, Handbags, Watch Charms, Overcoats, Shirts

Thieves after midnight Thursday entered the clothing store of John M. Bye, 616 Front street, gaining entrance through a rear window and looted the store of goods valued at over \$300.

In leaving, the rear door was left unbolts. The goods taken as far as can be checked up at present, included three or four pairs of oxforas, four or five suits of spring clothing, a couple of handbags, several gold knives and chains, two or more spring overcoats, silk shirts and other furnishings.

Mr. Bye worked at the store until 10:30 p. m. last night and believes the robbery occurred between midnight and the early morning hours.

One of the suits stolen was one just received by the clothing house and which was on display in a front window.

BRAINERD'S ODDEST STORIES OF TODAY

When it comes to boosting its Chamber of Commerce, Brainerd is not a bit behind St. Cloud in boosting its Commercial club. At St. Cloud even the undertakers are boosting the Commercial club because it is full of live men and as a result there's no dead town for the undertakers to quarrel about.

Misunderstandings happen in Ironton as well as Brainerd. This one from the Ironton News states that a quart of perfectly good moonshine was lost through a misunderstanding. A range drayman called at a certain house to get a trunk. He knocked at the door, waited a few minutes and knocked again. He heard a flurry inside, and the door opened. Before he could say a word, the excited proprietor burst out and said: "Oh, it's you, is it? Why didn't you holler? We just spilled a quart down the sink".

The story in the Dispatch about the cow which lost her tongue when she stretched it fit to the horses' stall adjoining, has been copied as a news item and commented on editorially in scores of papers. The Pillager Herald draws this moral, whatever it may be: "We know of several husbands who could profit by this example".

Birstihl-Rohl

Miss Edna Birstihl and Walter Rohl were married at Brainerd. Both are well known young people living in northern Morrison county who have a host of friends who wish them a long happy wedded life.

30 INITIATED AT WOODMEN TONIGHT

Brainerd Camp No. 2337 of the Modern Woodmen of America Has Large Class for Goat

FULL CEREMONY OF ADOPTION

Modern Woodmen Will Consider Matter of Having "Woodmen Day" July 7, "Home Coming Week"

Brainerd Camp No. 2337 of the Modern Woodmen of America will initiate a class of thirty tonight at their hall in the Odd Fellow building. District Deputy J. P. Shaver of Long Prairie will be present, for it has been under his direction that the campaign for members in the Brainerd district has been successfully carried on.

The ceremony of adoption will be in charge of State Escort H. R. Mitchell of Long Prairie, who so efficiently put on the work at the last class initiation. A large attendance of old members of Brainerd Camp is expected tonight as matters of importance are to be brought up.

The Modern Woodmen of America expect to have one day of the "Home Coming Week" in Brainerd next July devoted to woodcraft. The ceremonies, as tentatively planned will include a parade, speaking, open air class adoption, field sports, log rolling, picnic, and indoor initiation at night. The date tentatively given the Modern Woodmen of America is Friday, July 7.

District Deputy Shaver and State Escort Mitchell wish to impress upon Brainerd members of the Woodmen Camp the necessity and importance of lodge attendance. No lodge can function properly unless its whole membership takes a hand in proceedings and backs up its officers. The continued success of the Brainerd drive for new members and the success of "Woodmen Day" on July 7 depends largely on the attendance at the lodge tonight.

Sulphurous Language No Good. The furnace is patient and long suffering. No matter how much the householder may swear at it, the furnace never gets hot just for that.—Boston Transcript.

CITY'S 50TH ANNIVERSARY

Question of Location of Celebration Will be Definitely Decided Monday Night, March 13

ENTHUSIASM IS GENERATING

Down Town or Lum Location Will be Threshed Out at Monday Night Meeting at Chamber

The general committee on the Fiftieth Anniversary Celebration of Brainerd had a very enthusiastic meeting last night. Representatives of several of the fraternal organizations were present for the purpose of getting information to take back to their respective organizations.

The question arose as to the place of holding the celebration. At the last meeting of the general committee, it was definitely decided that Lum Park would be the principal place of entertainment.

Upon motion, this question was reconsidered and it was decided that more time be given for consideration, and that at the next meeting, which will be held Monday, March 13th at 8 p. m. the final decision will be made whether the celebration be held down town or at Lum Park.

Because of the fact that the Chamber of Commerce rooms will be occupied every other evening with meetings, the next meeting of the general committee will be held Monday instead of Thursday.

Beautiful and Necessary Things of Spring, Crowd Every Counter and Corner of Our Store

Not in Years Have Stocks Been So Complete, So Interesting, So Normal in Price

What a joy it is to present this fine new assemblage of Spring merchandise, with the full realization that everything is the best obtainable of its class and kind, with the added comfort and confidence that comes with knowing that every price is fair and at its fixed position.

Since last Spring the whole world has passed over the greatest part of its journey back to normal conditions. Raw materials have gone back to the right basis; labor costs have been largely reduced and vastly better and more efficient work has been done in every industry.

So you find in our store today new goods glorified by the enlarged ability, increased ambition and more earnest effort of the workers who made it, and it is now obtainable at the low and reasonable prices that people will be most willing to pay. Goods and their prices completely deserve and will rightly win your complete confidence.

These are Show Days for the merchandise of Spring. Every day this month is exhibition time—the time when the finest things are here, in broadest possible assortments—for you to select and possess during the early days of the season when possession and use are most gratifying and the new things best repay their cost.

Come and see our store tomorrow, or any day soon that is convenient to you.

AMUSEMENTS

Conway Tearle in New Mystery Play, "After Midnight"

Conway Tearle in a new Selznick picture, "After Midnight," will be the attraction at the New Park Saturday only, and it promises to present him in a play not only out of the ordinary, but full of the thrills and mystifying situations that are so dear to the heart of all the theatregoers. "After Midnight" is a Ralph Ince production and that is equal to saying that the situations and plot have been developed to their highest dramatic value and that the picture will be marked by action and more action.

There are some unusually interesting scenes of Chinatown and the underworld of New York that have been worked out to the minutest detail and fairly breathe the atmosphere of the famous Chinese dens. A half a hundred real Chinese play a prominent part in the picture and lend an air of impressive reality to the scenes.

The leading part opposite the star is played by the winsome Zena Keefe who, during her lengthy screen career, has won a legion of followers. Miss Keefe and Mr. Tearle have played together on the screen before and will be favorably remembered for their work in the Selznick production, "Marooned Hearts," which was presented a few months ago. The cast also contains such well-known players as Macey Harlan, Charlie Fag and Harry R. Allen.

Why Griffith Selected "Way Down East"

The news that David Wark Griffith's production of "Way Down East" will come to the New Park for an engagement of four days, beginning Sunday, the play which for the past twenty-two years has been a classic among rural dramas, provokes the inquiry: "Why did Griffith select this story on which to devote the talents he gave to the making of 'The Birth of a Nation,' 'Intolerance,' 'Broken Blossoms' and 'Hearts of the World'?"

These are logical questions and they deserve logical answers. And so perhaps it is best to let the man most concerned with "Way Down East" have his say. Here is what Mr. Griffith says:

"I selected Lottie Blair Parker's story of 'Way Down East' because it lies closer to the human heart than any play I ever read dealing with plain people and told in a plain manner. I have had so many requests from those who care for my work to perpetuate, insofar as the motion picture may be capable of perpetuation, this story of New England life. Naturally, being a Southerner, I might have preferred to handle the subject from the viewpoint of a man who was born and who has lived in the South. I am a Kentuckian and mighty proud of it. But my heart is not sectional. I can see human love and human kindness in Maine just as quickly as I can see it in Alabama. 'Way Down East' is a human story, humanely told by a woman who deserves a place in the dramatic and literary Hall of Fame for the reason that she has given to the American people as a heritage one of the most tender and appealing stories ever written."

Mrs. Wm. S. Hart With Eugene O'Brien at Lyceum Tonight

Winifred Westover, former D. W. Griffith star and leading woman for William S. Hart and other popular male stars, plays the leading feminine role opposite Eugene O'Brien in his new Selznick picture, "Is Life Worth Living," which is being shown at the Lyceum tonight only.

Miss Westover's first appearance in Selznick pictures was in support of Conway Tearle in "The Fighter," directed by Henry Kolker, and her supporting work in that production so firmly established her ability as a leading lady that she was immediately signed to play with other Selznick stars, and when production on "Is Life Worth Living" was begun it was found that Miss Westover possessed just those qualifications essential to the part of "Lois Wilday."

Fact and Fiction Blended in Film of Africa in 1871

The word "theatre" means, to most of us, entertainment pure and simple and the added attractions of the words "motion picture serial" in connection with the former word spells to the ear of the twentieth century audience thrills, excitement and suspense.

"With Stanley in Africa," the Universal serial, which is shown at the Lyceum theatre every Friday, assures its spectators of all this plus a liberal education in history.

Never have fiction and act been so perfectly blended in a motion picture production as it has in this famous epoch of history, the theme of which fairly throbs with romance of the days of 1871 when Henry M. Stanley was on his famous expedition to find Dr. David Livingstone, the well-known missionary, who, for five years was

lost to civilization in the heart of the Dark Continent.

Its educational value is unparalleled, for it takes this famous expedition from the time of its formation to the end of the historical event, and assures its success by weaving a thread of romance through the dates and names of history which makes it an unusually attractive and entertaining feature.

New Murphy-Walker Picture to be Shown

Edna Murphy and Johnnie Walker, the youthful screen players who have advanced rapidly in public favor as co-stars under William Fox, are due to open at the Lyceum Theatre Saturday in their latest picture, entitled "Extra! Extra!" Young Walker, it will be recalled, appears in a prominent role as the "black sheep" in the production "Over the Hill," which has captured the public throughout the country; and Miss Murphy also gained popular favor in that great photoplay.

Lillian Gish as a Child in "Broken Blossoms"

Miss Lillian Gish has again proved her remarkable talent as a screen actress in her performance of Lucy, the child in "Broken Blossoms." D. W. Griffith's art sensation, to be shown at the Lyceum theatre Monday and Tuesday. In Thomas Burke's story, "The Chink and the Child," taken from "Limehouse Nights," Lucy, the daughter of "Batling Burrows," is supposed to be 12 years old, but with the license of the artistic producer, Mr. Griffith took the liberty of adding three years to her age.

Few who see her performances as Lucy will forget that tragic moment when at her bullying father's command she tries to push her way into the semblance of a smile. Mr. Griffith declares that this was a purely involuntary piece of acting; for when, during the photography of the first scene of cruelty between her father and herself and she was all in very real tears, he suggested as director, that she smile through her tears.

She was so wrought up over the scene that she tried to smile, but could not, and then, quite naturally and without thought of artifice, she, with trembling fingers tried to push up the corners of her lips. It was so pathetic and human a gesture that Mr. Griffith at once realized its value and it remains one of the striking notes of the performance of this moving "tale of loves and lovers."

MARKET REPORT

Minneapolis Cash Grain

Southern Grocers

(By United Press.) St. Louis, March 10.—Announcement is made that the Southern Wholesale Grocers' Association convention will be held here May 9 to 12, inclusive. Between 2,000 and 2,500 delegates are expected to attend. J. H. McLaurin, Jacksonville, Fla., will preside.

NORTHWEST NEWS

(By United Press.)

Townley Hearing Today

Fargo, March 10.—A. C. Townley, national president of the nonpartisan league, will have his preliminary hearing before Judge Cole today charged with embezzling \$3,000 from the now defunct Scandinavian-American bank. Mr. Townley who was served with a warrant charging him with this crime, immediately upon his release from the county jail in Jackson, Minn., where he served time for alleged seditious utterances, characterizes this arrest as "another political prosecution."

He is charged with having been the inspiration of J. J. Hastings, former secretary of the league and officer in the bank, when the latter gave what is called an illegal note on the Sibal Trust Co., of Florida, to secure \$3,000 from the bank. The complaint states that the Sibal Trust Co. was not then in existence.

Hastings, who was returned here from California and bound over to the district court, declared when he fought extradition in California, that the trust company was actually organized in Minneapolis in October, 1918, instead of in April, 1919.

He said he was empowered to borrow money and that collateral security in the nonpartisan league notes and checks was put up to cover the Sibal trust notes.

Mr. Townley claims he does not own the Sibal Trust Co., which has extensive holdings in Florida. His enemies and Mr. Hastings contend that he does and that he owned it when he was adjudged bankrupt.

Basketball Tournaments

Fargo, March 10.—Eight district basketball tournaments are being held today and tomorrow. The winners in each section will compete for state honors at the agricultural college in Fargo March 24 and 25. Only eight teams can be entered in the district tournament, according to a new ruling of the board. The board held that a larger number of entries worked a physical hardship on the boys, forcing them to play more games than they are able in two days. They contended the boys have been injured for years by over exertion at tournaments in the past.

Games are played today and tomorrow at Fargo, Jamestown College, Mandan, Dickinson, University, Devils Lake, Minot Normal, and Bowbells. In districts where more than eight schools belong to the league an elimination committee was announced to choose the eight best entitled to participate.

Everybody Worked But Father

"Father's stomach trouble seemed to be getting worse all the time and finally he had to quit work altogether. Two brothers and myself gave up school and went to work to support the family. Father had lost sixty pounds in weight and was yellow as saffron and no medicine helped him. Telling a friend about it six months ago, she advised taking Mayr's Wonderful Remedy. I got a bottle and it helped father at once. He was able to go back to work a month later, has regained his weight and strength and eats like a wood chopper." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and leading druggists. Adv.

AIR ROUTES FROM LONDON TO BELFAST

London, March 10.—British air experts are planning establishment of air routes between Ireland and England. Coincident with establishment of the Free State government, plans will be ready for immediate operation of passenger and parcels services between English air ports and Queenstown, Dublin and Belfast.

Owing to the rail-boat-and-rail route between London and Queenstown, and on some routes between London and Dublin and London and Belfast, it now takes twelve to fourteen hours to traverse the 450 miles between London and Belfast. Air mail-planes, even at the moderate average speed of eighty miles an hour, will cut seven or eight hours from the Belfast trip.

Last Spoonful Same as the First

Calumet is made under such exacting conditions — packed in such a scientific manner, that its leavening strength and purity never vary. It retains its original strength for months after leaving the factories.

When you tip the can to get the last spoonful, you know your baking will turn out all right—the last spoonful is the same as the first. This uniform quality of

CALUMET BAKING POWDER

is cause for its big demand. Housewives know they can depend upon the results obtained—that climatic conditions or temperature cannot deteriorate its positive leavening power.

When you buy baking powder remember these facts—that a uniform leavener means bakings that do not vary in quality—that Calumet is uniform.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a lb. when you want it.

D.W.GRIFFITH

presents

"WAY DOWN EAST"

Based on Wm A Brady's Famous Play by Lottie Blair Parker and Jos R Crismer

It's a simple story of plain folks—the greatest of all Griffith plays—uncommonly well done and with breath-taking effect.

Every audience has set spellbound through the unfolding of this great production.

With its humaneness and its story of unusual love, its thrills and its pathos, it stands alone in the field of spectacular pictures.

The all star cast which carries out the story quite eclipses any cast that ever appeared in this piece on the speaking stage.
